ProtoTRAK®

Giving the workshop a competitive edge.

The **XYZ I600 TMC** is the biggest TMC in the range. In your area there may be plenty of milling capacity of up to 1,000mm, but this big boy means that fewer people locally will have this capacity unless it's on a much bigger, more expensive machine so jobs 1,000 - 1,600mm could be very profitable for you.
