

Despite the advances of 'easy to use' CNC systems, we still offer a complete range of Manual Machine Tools which are very popular with Training Organisations and Maintenance Shops etc.

In the last 40 years, XYZ have installed over 10,000 manual Turret Mills and Lathes in the UK, which have become synonymous with quality, reliability and value for money.

All XYZ manual machines are built of solid ribbed cast iron to provide unrivalled rigidity and stability and all are fitted with European bearings and electrical components to full CE approval.
